153 Farmers Take Part ACP Program

Palm Beach County's farmers and ranchers continued to make progress during 1963 in the development and conservation of the county's vital natural resources. The Agricultural Conservation Program, as in past years, played an important part in the conservation accomplishments made during the year. 153 farmers and ranchers in the county participated in the 1963 ACP and completed approved soil, and water conservation practices.

The Agricultural Conservation Program is administered in the county by the farmer-elected ASC committee. A. R. Harrington, Chairman of the county committee released a report this week on the conservation accomplishments made under the 1963 ACP.

The chairman stressed that the ACP is a farmer-government partnership. The government shares a part of the cost of carrying out the needed conservation work — less than 50 percent in most cases — the farmers and ranchers themselves bear the major portion of the cost. Their contribution includes labor, equipment and materials.

Corn Deal Flops, Price Hits \$1.50

The sweet corn deal in the Lake Region hit a new low the early part of this week as the market was swamped with offerings and the price hit \$1.50 per hamper. Thousands of bushels of sweet corn were left unharvested.

Looking back a few weeks to the day of the severe frost that killed the corn crop, growers were remembering the \$100 acre* of corn planted in one week, followed by 4300 the following week. Harvest of those two plantings busted the market wide open this week and growers were lucky to get \$1.50 per hamper.

One grower left 150 acres unharvested and others left like amounts or smaller ones, being unable to secure labor or cars to successfully put the corn on the market. Thirteen cars of corn, under ice, were on the FPC siding near Unity Farms, on Wednesday morning and had been there since last Thursday. Icing every other day ran the cost of the product to a point where \$1.50 per bushel won't help much.

On top of the busted market on corn, word comes from the recent New Orleans sugar hearing that a cut in sugar cane acreage is in the offing. So, all in all, this week has been a dreary one for those who make a living tilling the soil.

Presbyterians In Birthday Party

Wee Care Center Still Needs Funds

Contributions in response to the letters mailed out a week ago, by The Salvation Army Committee, are coming in. However, there are many who intend to give, but place their letter down and perhaps a magazine or newspaper is thrown down and soon it is forgotten.

Why not sit down today, make out a check and mail it in. Your assistance at this time will be very much appreciated.

The nursery has been meeting a real need in the community.

The first week in May an average of 91 children per day attended the nursery.

Those who are able, pay the full fee of \$2.00 per child per day. However, there are many families with large numbers of children and low income who cannot pay these fees. Many mothers who are the sole support in the home have four or five children and have two in the nursery. Their weekly salary is perhaps \$40.00 and paying out \$20.00 per week would create a hardship on them. Such cases as these we give consideration and make a minimum charge.

Mr. and Mrs. J. P. Parker had as their guests Sunday Mrs. Zoe Parker and daughter, Zoe Ellen.

Fred Hope Seeks State Attorney

Fred Hope, Palm Beach County's candidate for State Attorney in the May 26 Democratic run-off election, is the local choice as the man to succeed retiring State Attorney Phil O'Connell. In the recent Primary Election, which carried four candidates on the ballot for State Attorney, Hope carried 78 out of 82 Precincts and received 56 percent of the total votes cast in Palm Beach County.

A former FBI Special Agent for six years, it was during Hope's tenure as Assistant County Solicitor that the highest prosecutive rate in the state of Florida was recorded. He represented the State in over 800 criminal prosecutions.

During his campaign, Hope has stressed that his Broward County opponent refused to support Palm Beach County in the controversial Lake Okeechobee split and voted to take away part of the county, depriving local taxpayers of thousands of dollars in future income for road funds. The local Broward County newspaper, The Fort Lauderdale News, endorsed Hope as the most qualified man for the office.

The 39 year old Palm Beach attorney is married with three children. A Marine Corps veteran of World War II, he received his B. A. and Bachelor of Law Degrees from Stetson University. He is a member of the Florida Bar Association, American Bar Association, the National Association of Prosecuting Attorneys and Society, Former Special Agents, FBI, which he is president. He was Assistant County Solicitor for two years.

In Florida...
after a swim, beer is a natural

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer. Camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Florida...beer goes with fun, with relaxation

The healing of the lame man at the temple by Peter will be read (Acts 3), and also this verse from II Corinthians (3: 18): "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory even as by the Spirit of the Lord."

Elect FRED HOPE Democratic Candidate For STATE ATTORNEY

15th Judicial Circuit-Broward-Palm Beach Counties

PALM BEACH COUNTY VOTERS.....DID YOU KNOW?

1. THAT the Broward County Candidate, who is seeking support from Palm Beach County Voters, as a member of the Broward County legislative delegation in 1963 REFUSED TO SUPPORT PALM BEACH COUNTY IN THE LAKE OKEECHOBEE SPLIT. He voted with the small County bloc to take away part of this County, thereby depriving the Palm Beach County taxpayers of hundreds of thousands of dollars in future income for road funds.

2. THAT although opposed by a Broward County lawyer for the office of State Attorney, THE LEADING BROWARD COUNTY NEWS-PAPER, The Fort Lauderdale News, ENDORSED FRED HOPE as the most qualified man for the office.
